PROFESSIONAL SUMMARY

Enthusiastic Computer Engineer eager to apply academic knowledge and technical skills in software development, problem-solving, and system design. Quick to adapt to new technologies, with a strong foundation in coding, algorithms, and data structures. Looking to contribute to a dynamic team while gaining hands-on experience and growing professionally in a fast-paced environment.

EDUCATION

Pimpri Chinchwad College Of Engineering and Research (SPPU) Bachelors of Technology in Computer Science and Engineering	Nov 2022 - July 2026 SGPA: 8.01/10
Nutan Junior College of Science Higher Secondary Education	June 2020 - March 2022 Percentage: 83.83

EXPERIENCE

CyberSecurity Intern - Palo Alto Networks	Jan 2025 - Feb 2025
<ul style="list-style-type: none">Understood Zero Trust Security models and their role in modern cybersecurity.Implemented multi-layered security strategies such as network segmentation, zero trust architecture, encryption, and access control policies to enhance cyber resilience.	

PROJECTS

TECHNICAL SKILLS

- Programming:** C++, Java, JavaScript.
- Web Development:** HTML, CSS.
- Databases:** MySQL, MongoDB.
- Libraries & Frameworks:** Git/GitHub, React.
- Relevant Coursework:** Object-Oriented Programming, Data Structures & Algorithms, DBMS, Computer Networks.

CERTIFICATIONS

- RDBMS PostgreSQL Training by IIT Bombay**
- Practical Cyber Security for Cyber Security Practitioners (ELITE)**
- Foundations of Cybersecurity**
